## C.L.A.G Gathering

Thank you to every person who has been enthusiastic and supportive of our communities continuing growth and changes.

I anticipate you'll get these newsletters a week prior to the meetings moving forward. I had some slight tech issues- hence the lateness of this one.

Our last meeting was fantastic, loads of healthy discussion and decision making, the summary notes are below.

Your agenda for tomorrow is below, and we really encourage you to come along, even if you came some time ago and for some reason didn't return. We have listened to the suggestions put forth and as a community, are working together to implement these changes and new directions, for the betterment of us all.

Do you have any information about cars that run on other sources of 'fuel', such as hydrogen, animal waste etc. Come to the meeting and share what you know. Information has been shared into our Telegram groups, thank you...we need more... which we can implement and work with in our community.

The Building Community through Prepping Group currently gathers on Fridays, if you'd like to get the details on how to connect with them, please email Maria [joyandpeace@optusnet.com.au](mailto:joyandpeace@optusnet.com.au)

An **Emergency Contact List** is now available for any member who wants a copy sent to them (to get the list- you must put yourself on the list). This tells you who's in your area when or if an emergency takes place, so you can connect and resource each other. For privacy reasons the list isn't public. To go on the list and have it sent to you please email [joyandpeace@optusnet.com.au](mailto:joyandpeace@optusnet.com.au)
