## C.L.A.G Gathering

Hello,

The momentum is building again in our community as we grow in strength. We had so much productive conversation at our last gathering with practical steps being taken towards many projects. Check out the Gathering Summary further down the page for all the details.

**To clarify on a few items that were listed in our last Agenda.**

1. Education segments presented at meetings are the only item to be audio recorded, provided the person presenting is OK with this. The copy of that recording will be shared into the CLAG Gathering Telegram Group.

2. Graham has graciously set our CLAG community up with a webpage to give us a web presence so people can find out how to connect with us, join us at gatherings and subscribe to newsletters. As time goes on, we plan to develop a full website, with training videos, member password protected sign in etc.

The Building Community through Prepping Group currently gathers on alternate Fridays, if you'd like to get the details on how to connect in with them, please email Maria [joyandpeace@optusnet.com.au](mailto:joyandpeace@optusnet.com.au)

3. We have several rosters on the go for you to lend yourself to one or more of the roles we have on offer in the community. You'll get a better idea of what these are when reading the Agenda down the page.

An **Emergency Contact List** is now available for any member who wants a copy sent to them (to get the list- you must put yourself on the list). This tells you who's in your area when or if an emergency takes place, so you can connect and resource each other. For privacy reasons the list isn't public. To go on the list and have it sent to you please email [joyandpeace@optusnet.com.au](mailto:joyandpeace@optusnet.com.au)

## **Memories from our last C.L.A.G Gathering**

More tables will be available next gathering, as we accommodate for more harvests/ seeds/ products to be shared, along with resources such as documents etc.

(we still have a chair and water bottle that haven't been claimed...are these yours?)

Please pick up at Sundays gathering)

### *Community buying power*

Our power is in numbers, community and collaboration now. And as such we'd like to know of members who are interested in buying product in bulk (seeds, flours, dried goods etc), organising private kills (processing) of cattle, community gardening and or the setting up of community on land.

### *Education and Action Group*

It was established at our last gathering that Craig McManus would head up a educational and action group. These gatherings will be held in person and via zoom. Please talk to Craig this Sunday to find out how to get involved. We will clarify more this weekend how it will be set up.

### *New Gazebo Team*

Last gathering, a new team of four people opted to start the process of design ideas and costing of our new market gazebo. They will collate information and bring back to the community for further ideas and decision making.
