# C.L.A.G Gathering

Hello,

Due to works being undertaken by council at the Reserve stage, we cannot use that location and will be returning for this coming meeting to John and Bec's at the above address.

Rob is hosting our next two meetings, Thank you!

***Important:***

If you've been to gatherings recently or read the notes from them, then you'll know there has been much talk about The People's Council, a mammoth movement of over 3700 living men and women from Frankston/ Victoria who have gone ahead and set up their own council.

Noosa Common Law has also made moves very similar to our own community in recent months and have embraced this National Community Network. They have started to implement it in Noosa with great enthusiasm. They very kindly shared with us some resources that had put together. We wanted to share this with you, because if it's something you feel would be good for us then we are going to seriously bring this forward for consideration and discussion.

The framework Noosa are using is adopted from the People's Council network in Frankston, so anything we choose to do will be similar and in line with that. Now is the time to go through this and bring any questions or ideas to the table at our next meeting.
