C.L.A.G Gathering

Hello C.L.A.G community,

- I hope that everyone has had an amazing two weeks. Things are really coming together with the Peoples Council, My Place Gympie along with CLAG - amazing things are happening in all of these spaces. It really is a credit to each and every one of us as we all have the same vision and our journey together Australia wide is so powerful and encouraging.
- If your unsure of **The Peoples Council** and **My Place Gympie** please be reassured that this movement across Australia is for the people by the people. Our goal is the same. **Without change nothing will change.** We are all in this together and being joined with this movement across Australia only makes us more powerful as the people for the people and being supported nationwide with proven and tested methods will get us there. Why reinvent wheel?
- My Place Frankston. We all probably saw or heard about the ABC report on My Place Frankston with Darren. I'm not going to talk about the ABC journalist and her fabulous reporting skills and how transparent and honest she was in the report. But I am going to talk about the fact that Darren said the influx of new members after the ABC report to My Place was amazing. They had over 1000 new members and by now its probably much more. Where there is a need the people will come regardless of what the main stream media say.

Major Workshop Event:

The Crypto Blockchain Focus Shop

6th of May 2023 @ 9am

Venue to be announced

Level 1- Foundational.

Marcus will be delving deep into the world of blockchain, cryptocurrencies, and distributed ledger technology, as well as exploring the wonderful potential

available to us all in the Quantum Financial System (QFS) Its impact on our spiritual growth, the "great awakening," and the "higher plan" will be exponential.

Additionally, we will be discussing how we can actively participate in what is predicted to be the greatest Wealth transfer in human history.

- **Topics included:**

- Blockchain, What it is?
- Discussion on the QFS and its eco system.
- Wallets: different types and how to use.
- Methods to fund a wallets.
- Tokenized assets and how to purchase
- Discussion on security options and Our Digital Identities
- Identifying tools available to us now, that will empower us and enabling us to become our own bank.
- Explore the Lobstr wallet and others that are in alignment with moving towards a Quantum reality.
- Exchange will be by way of Donation

In other news:

- Beck will be hosting the next two gatherings.
- Please keep in mind that we are a community and we support our community by being involved, so can someone please volunteer to host the gatherings of the 14th and the 28th of May. Thank you - you got this :-)
- Can we please have a volunteer to take notes for this coming gathering and if possible type them out into a document and then forward to me. Thank you to Allona for taking the notes for the last summary.
- **SET UP** - Those who can come earlier to help set up that would be really appreciated. Set up time from 12.15pm. The more we have to help out the quicker it gets done. For those who don't realise what goes into it and the time taken to set up here's what needs to happen by 12.45pm
 - Tables and chairs out
 - Tables and chairs wiped down

- Power turned on and make sure all fans are working
- Coffee station bench and harvest bench wiped down (we have mice crawl everywhere)
- Urn filled up and connected to power with its own lead and check that it is heating up
- Bathroom and Toilet cleaned new handtowel placed
- Coffee cups and etc put out and checked if clean - making sure the tea, coffee and sugar is full. Place clean cloth and tea towels at sink make sure the washing detergent is there.
- Sound system and mic set up - powered and working
- projector and cords set up- powered and working
- Then at 4.30 after the meeting has finished and we have had our chat the above needs to happen in reverse - pack up

I thought that mentioning the above would help everyone appreciate what happens with setup and pack up and therefore move you to come earlier and help set up and stay to pack up. Remember this is our meeting and our community.

Before everyone arrives to the shed, usually this is done early in the morning by John, he clears the shed out of work items (truck, bobcat, forklift, car, mower) Then raking flat, the stones in the shed, carpark and down the driveway. I then blow the shed out of all the chicken feathers and poo. John erects the barricade tape and the cones out, so everyone knows where to park.

We do this as we love our community and the privacy it affords us. The above words are to shed light on what goes into opening our space and to hopefully motivate you into helping us more- because we need it. Things don't happen by themselves. Thank you.

- **Tech Group-** Graham has been amazing with his Tech community here's an update on what Graham and his team have been achieving. What the Tech group have been covering:-
 - What tracking does Google do.
 - Maximising privacy on Android and Apple "Google's Privacy Policy spells out the fact that your Android device will collect information including the

content of email, photos, and videos, like other privacy policies. They also track how you use apps, games, and browsers on the device. Moreover, Google collects information about search terms, how you interact with ads, who you call and how long you talk to them. Android monitors your location via GPS, the sensors in your device, nearby Wi-Fi networks, cell towers, and Bluetooth devices.”

- Ads settings
- Location tracking settings
- App permissions
- Uninstalling or disabling unused apps
- Shortcuts for revoking camera and microphone permissions
- Open source applications to replace Microsoft Office
- Thunderbird (replaces Outlook)
- LibreOffice (replaces Word, Excel, PowerPoint and more (Links to these two are below)
- My own cloud installation for synchronising contacts, calendar, tasks, bookmarks, files etc between computers running Windows, MacOS, and Linux, and smart phones. (NextCloud).
- If you have follow up questions or would like to comment on how the workshop went, please comment here.
- Thunderbird: (replace MS Outlook) <https://www.thunderbird.net/en-US/thunderbird/all/>
- Scroll down to find the English version you prefer (British or US).
- LibreOffice: (replaces MS Word, Excel, PowerPoint, Publisher) <https://www.libreoffice.org/download/download-libreoffice/>
- For most of you, I would recommend the more stable version (7.4.?)
- **Market update** - we will be endeavouring to attend the markets on the 16th at the Duck ponds. I will make up a roster and contact each person who has volunteered.
- **Australian Land Rights.** For those who are interested in watching the video and following what is happening with Max Burt as a land owner in Sancrox NSW. Max and his sons are successors in free hold title to the original Crown Grant of their land. Please follow the link below and go to the website and watch the video to see what the NSW government

are trying to do with Max and his families land.

- We the people ~ The Community have been Visiting the Gympie Regional Council meetings each week which has been going well. We have had some great response and an amazing turnout.
- In light of the what State Government have organised here in the Gympie Region with the Drag Queen comedy show for 'Youth Week', it is more imperative than ever to show up in numbers. Let's come together and reach record numbers for our attendance at the next council meeting.
- The meetings are held monthly so make sure you mark the next one in your calendar which is on may April the 26th starting at 9am. We meet in the carpark at 8.30. We attend peacefully and orderly. Then we head down to the Brown Jug for a debrief and a cuppa and social time. Remember our presence is powerful they see us and we see them. Don't forget to follow up with Craig on any letters that need to be sent to the Council in response to their meeting agenda.
- The QLD Government Hydro Project proposal - this is ongoing. Are you affect you? Do you know someone that will be effected? If neither lets get behind supporting our Wider Gympie Community, land and farming they are trying to destroy. Shea has a Facebook page she started last year please go and support that page if you have Facebook. Please also sign the petition to have a "State project on State Land" links are provided below.
