## "We as the people" welcome you

For those who are new, we give you a warm welcome from like-minded living men and women.

## From the Editor

Hi folks. Due to a glitch in the "Subscribe to newsletter" form on our website, this mailing list did not capture any name that you might have entered while signing up. It probably does not matter to many of you, but if it does, you can update your profile ( [at this link to Mailchimp](#) ) and add the name by which you would like to be addressed.

We are not personalising the newsletter at this time so you won't see any difference, but should we add a greeting with your first name to this newsletter, then yours will have a blank space instead.
