"We as the people" welcome you

For those who are new, we give you a warm welcome from like-minded living men and women.

From the Editor

This edition has the website and newsletter mailing list report and a bit of info about the digital privacy user group that formed last Saturday.

Also find the basic agenda for this coming gathering.
Hooroo, graham

Local Food Sources

[More info on our website here](#)

We are very keen to add more local farmers and producers to our food source list.

If you have contact with a farmer, please email us at
news@myplacegympie.org

Thank you

IT & Digital Privacy

Website, Technology, Privacy DRAFT

The website received a bit over double the unique visitors in October compared to the previous two months. Most of that increase coming from bookmarks and email links (probably our newsletter). The most used operating system is Windows and the most used web browser (by a long way) is Google Chrome.

On the website, we had a new entry submitted in the trades and services directory, and I would like Regine to look at it before publishing it.

This newsletter mailing list has 628 addresses with 40% of them opening the email and 4-6% clicking on a link inside the newsletter. These stats will probably be under reporting this because I suspect plenty of our subscribers have privacy protection on their devices (yes!) and that would prevent Mailchimp from collecting the information.

In other news, I am very pleased to report that our initial meetup last Saturday for the Gympie Digital Privacy User Group (GDPUG) at Veteran Hall went quite well and I think that most of the 15 attendees enjoyed and learned good stuff.

You can read about what we covered at the meetup and our plans for future meetups here:

<https://webenhanced.com.au/workshops/user-groups/>

We will be meeting weekly at the Veteran Hall 9:45am for 10am start; from tomorrow (16th) except for the occasional event booked at the hall. The first Saturday we'll miss is the 30th November.
